

**THE
YOUNG ONES
PORTFOLIO**

SERVICEPLAN

OBJECTIVE

With the Young Ones Portfolio Award, The One Club for Creativity has created a unique platform for young creatives. This competition provides students with the opportunity to showcase their portfolios, rather than single pieces or ideas on a specific brief. The Young Ones Portfolio Award will identify promising students from 10 disciplines of the creative spectrum and make professional opportunities available to them.

PARTICIPATION

Students select a category and submit 6 - 12 examples from their portfolio to be judged in that category. Multiple categories can be entered as separate entries.

Students will also be asked to provide a description of their work as well as a short bio.
